DETAILED ACTION

This Office action is in response to the communication filed 10-5-10.

Claims 1-5, 11, 21-23, 34-45 are pending in the instant application.

Specification

The attempt to incorporate subject matter into this application by reference to the non-patent citations submitted in the communication filed as “Amendments to the Specification” filed 10-5-10, is ineffective because no support has been cited for these references in the original disclosure.

The amendment filed 10-5-10 is objected to under 35 U.S.C. 132(a) because it introduces new matter into the disclosure. 35 U.S.C. 132(a) states that no amendment shall introduce new matter into the disclosure of the invention. The added material which is not supported by the original disclosure is as follows: The citations listed in the “Amendments to the Specification” at paragraph 00010, filed 10-5-10.

Applicant is required to cancel the new matter, or point to support for these references in the initial disclosure as originally filed, in the reply to this Office Action.

Allowable Subject Matter

Claims 1-5, 11, 21-23, 34-45 are allowed.

As allowable subject matter has been indicated, applicant's reply must either comply with all formal requirements or specifically traverse each requirement not complied with. See 37 CFR 1.111(b) and MPEP § 707.07(a).
